

Women's Health Research Foundation of Canada PRESENTS

Dear Sponsor,

The Women's Health Research Foundation of Canada is a national charitable organization based right here in Winnipeg. We raise funds to support graduate students at the University of Manitoba who are conducting research about women's health. We broadly define women's health as social, psychological and physical well-being and therefore our organization supports beginning local researchers in their quest to improve women's health.

This will be the 2nd Annual Fore Women's Health Golf Tournament. Our very successful inaugural tournament raised over \$11,000 which was used to create an endowment fund for graduate research in women's health at the University of Manitoba. We are very excited to continue this fun event with the focus on raising awareness about women's health issues. The 2010 tournament will be held on Thursday, August 19th at Rossmere Golf and Country Club in Winnipeg. The format will be a Texas Scramble.

The tournament's success is highly dependent upon the support of all members of the community. This sponsorship package will assist you in choosing a sponsorship option that is suitable to your company and/or product. In keeping with the golf tournament's theme of fun and health, our sponsorship categories are entitled Wonder Woman, Bionic Woman, Strong Woman, Healthy Glow and Fit & Firm.

You can be:

- the title sponsor and see your company name headlined.
- a major sponsor,
- a hole or contest sponsor, or
- a product or major prize sponsor.

We recognize the demand on local businesses such as yours to assist many Winnipeg charities; so in return for your support we have worked hard to provide you with generous benefits and ample recognition. The success of FORE WOMEN'S HEALTH will be dependent upon the participation of the golfers as well as the support of our corporate sponsors.

Sincerely,

Beverley Temple
